

APMG SERVICES

# Brand Guidelines

2025

## **Why APMG Exists**

APMG Services exists to simplify property maintenance by delivering trusted, high-quality trade solutions through one reliable partner.

Our purpose is to make life easier for homeowners, businesses, property managers, and Homeowners by providing a full range of expert services from painting and electrical to carpentry, flooring, plumbing, and more with professionalism, transparency, and care.

## **Vision Statement**

To be the most trusted and versatile property maintenance partner, setting the benchmark for quality, reliability, and customer care across every trade we deliver.

## **Mission Statement**

At APMG Services, our mission is to provide professional, end-to-end trade solutions that simplify property maintenance for industrial, commercial, and residential clients. We are committed to delivering exceptional workmanship, clear communication, and dependable service through a team of highly trained specialists who genuinely care about the spaces we improve.

**APMG Services is a Melbourne-based, Australian-owned Group specializing in comprehensive property maintenance solutions. Established in 2015 as APMG Services Painting Services Pty Ltd, the Group has expanded its services to become a one-stop hub for various trades, catering to both residential and commercial clients across Melbourne**

At APMG Services, we are committed to delivering trusted, high-quality property maintenance solutions with a strong focus on professionalism, reliability, and customer satisfaction.

We believe that every project—big or small—deserves the same level of care, attention to detail, and timely execution. Our commitment extends beyond just completing a job; it's about building long-term relationships based on transparency, honesty, and outstanding service.

Whether it's painting, plumbing, carpentry, or complete facility upkeep, we promise to deliver work that reflects our core values: expertise, passion, professionalism, and integrity. We are dedicated to maintaining safe, functional, and beautiful spaces for our clients—every single time.

Welcome to the APMG Services (APMG) Brand Guidelines.

The following pages show the key elements that play a role in our brand identity. Please follow the visual guidelines thoughtfully, to ensure that our brand identity is used correctly. This will give us the best opportunity to create a clear, consistent brand image, and to build our brands together.

Our APMG Services Marketing Manager, as brand guardian, is ultimately responsible for ensuring a consistent brand is delivered across all materials and all applications.

If you have any questions, just ask us.

**06 Applications**

# LOGO OVERVIEW

At APMG Services we have two versions of our wordmark that can be used, they are:

Our Primary Logo  
Our Stacked Logo

Both logos appear with the descriptor 'Australia Property Maintenance Group'. This is our brand descriptor. It helps people know what we do.

## OUR PRIMARY LOGO

APMG Services is built upon expertise, Passion, Commitment, Transparency, and Professional

Our Primary logo appears as a wordmark and always alongside the brand descriptor. Australia Property Maintenance Group

Our Primary logo is available in a two formats for different types of applications.

Use the logo in Black where possible. Always use the logo files provided. Under no circumstance should the logos be re-created.

To obtain the logo suite contact the APMG Services marketing team.

### Other Color Variations:

Some applications won't allow the Black version to be used (placing over an image or when print production dictates what can be used).

Please use these White variation of the logo. **(without the Black Rectangle)**

### Clearance & Minimum Size:

To ensure that our Primary Logo stands out, other design elements should not 'crowd' the logo.

Use the guides shown to allow for clear space. No other graphic element must fall within this space.

Use the 'A' from the wordmark as a minimum space guide, but allow as much clear space as possible.

To ensure visibility on all applications, the minimum recommended size should be followed at all times.

The minimum size 14mm in width

# TYPOGRAPHY OVERVIEW

For APMG Services, your brand tone is professional, modern, reliable, and trade-focused—so the fonts you choose should reflect that.

# TYPOGRAPHY

APMG Services is built upon expertise, Passion, Commitment, Transparency, and Professional

Our Primary logo appears as a word mark and always alongside the brand descriptor. Australia Property Maintenance Group

## PRIMARY LOGO HEADLINES

### Oswald :

Narrow and impactful. Feels structured and sharp—perfect for a trade business.

The Designer can decide on any version of the font which is appropriate to the design

**Australian Property  
Maintenance Group**

### Montserrat :

Clean, modern, and geometric. Great for headlines and the logo.

The Designer can decide on any version of the font which is appropriate to the design

**Australian Property  
Maintenance Group**

SECONDARY FONT (BODY TEXT & CONTENT)

**Roboto :**

Highly readable and neutral. Perfect for longer content like web pages.

The Designer can decide on any version of the font which is appropriate to the design

Australian Property  
Maintenance Group

**Open Sans :**

Versatile and legible. Widely used in corporate and service-based branding.

The Designer can decide on any version of the font which is appropriate to the design

Australian Property  
Maintenance Group

# COLORS OVERVIEW

Typography is an important part of our brand.

The aim is to help us deliver a strong, clear, and modern approach which reinforce our innovation-led brand story.

# PALETTE

APMG Services positions itself as professional, modern, and industrial with a focus on trust, strength, and versatility the color palette should reflect those brand values while also standing out across uniforms, social media, vehicles, and signage.

## PRIMARY COLORS

### Primary Red:

Hex: #C8102E  
RGB: 200, 16, 46

Usage - Logo, Call to action  
Highlights

Red signals energy, strength, and confidence. It grabs attention and is often associated with trades and action-based industries.

### Industrial Black / Charcoal:

Hex: #1C1C1C  
RGB: 28, 28, 28

Usage - Backgrounds, text, uniforms, signage.

It adds boldness, professionalism, and authority. Works great in both print and digital, and pairs beautifully with red.

### Clean White:

Hex: #FFFFFF  
RGB: 0, 0, 0

Usage - Backgrounds, clean spacing, text contrast.

Keeps the visuals clean, clear, and professional. Allows other colors to pop and keeps designs breathable.

### Yellow (Fluorescent Safety Yellow):

Hex: #FFFF00  
RGB: 255, 255, 0

Usage - Hi-Vis

When placing your APMG red and black brand colors on this yellow background, make sure to use bold, high-contrast tones (like deep red #C8102E and black #1C1C1C) for best legibility.

# RATIOS

To maintain consistency across a wide range of brand applications we have created some colour ratio break downs which should help guide you when creating artwork for a specific applications. Remember to keep green at the core of our look and feel.

**Print Media :**

Maintain Clean and Bold look throughout the material.

**Vehicle Branding :**

Maintain Clean and Bold. Use more wording to showcase the services, Use Primary Red where possible.

**Digital :**

Maintain Clean and Bold. Use more image than content on post (see page xxx) Use more Primary red.

# PHOTOGRAPHY

To Maintain the Standards of the market presence, APMG Services should use approved and High Quality visuals in any and all applications. This will build a sense of brand Quality, Credibility Emotional Connection and also build trust towards the Team and Culture.

## Action / Workmanship :

Maintain Clean environment where possible, Make sure the facial expressions are captured. Have variations between closeups and Wide angles. Emphasis on professionalism, Accuracy, Approachability and care.

## Project highlights & Tech :

Maintain Clean environment where possible, Make sure the facial expressions are captured. Have variations between closeups and Wide angles.
